

Good Samaritan / SEIU UHW West Update

February 21, 2007

Let the Sunshine In!

In bargaining on 2/14, The Union argued for moving bargaining sessions to the hospital (as is common with California hospitals' negotiations), so that all our members can see for *themselves* what is going on.

Management's attorney refused, saying that management is "philosophically opposed" to the idea. Management's attorney said GSH executives specifically don't want Union members stopping in to see what is happening during their breaks.

We told them that if they refuse (which they did), we had best not see more management leaflets giving false accounts of what is happening, as everyone will know that it is they who refuse to allow bargaining to take place where everyone can see it for themselves.

We did, however, negotiate the next best thing: Future bargaining sessions will be at the Mayfair Hotel, and all SEIU UHW West members are invited to attend

Come to the next bargaining session:

All Union members are invited to attend:

- **Date: February 27, 10am to 4pm**
- **Location: Mayfair Hotel**
